

Dear Families,

Here is the list of voluntary school supplies for September, 2022. Please note that we will have supplies available for students as needed if you are unable to purchase. A plastic pencil case or reusable baggie to store items is very helpful to keep students organized. Another helpful item but not on the list is a handheld pencil sharpener with a lid. It is not necessary to send all pencils, erasers or glue sticks at once unless suggested to do so by your child's teacher in September.
